About COLLABORATE 10: Technology and Applications Forum for the Oracle Community

For the fifth consecutive year, the Independent Oracle Users Group (IOUG), the Oracle Applications Users Group (OAUG) and Quest International Users Group (Quest) join forces to host the leading technology and applications forum for the Oracle community. COLLABORATE 10 is designed to help users of the full family of Oracle business applications and database technologies gain greater value from their Oracle investments. Created by and for users, COLLABORATE 10 offers an expert blend of customer-to-customer interaction and insights from technology visionaries and Oracle strategists. Representation at COLLABORATE 10 will include Oracle users, solution providers, consultants, developers and representatives from Oracle Corporation.
